Hi, I read on space-news boletin, about A0-27 satelllite, and I'm interesting to
make a contact with the A0-27, but I don't no if it possible connect it in my
zone (Chile South America). Please if anyone have more information about it,
please send me a e-mail to ce6fyn@ce6fyn.radio.cl.

Thanks and 73's
